

Site Council Minutes

March 9, 2006

Compensatory Education funding

Oakdale Elementary will receive \$161,575 dollars next year from the state of Minnesota based on the number of students who qualify for free meals (158) and those that qualify for reduced price meals (46). The Site Council voted to use the money to “buy” two classroom teachers. In addition, we voted to use the remaining money (not enough to “buy” another teacher) to support existing programs and positions like a Behavior Intervention Specialist and our additional playground monitor as funds allow.

5th Grade Experience

The Site Council decided to gather more information about the possible alternatives to the ELC trip and also to try to get more information from parents. We received less than 50 responses from parents. Those responses ranged from encouraging a change to advocating for keeping the ELC trip in place.
